

Individual/Couple Missionary Debriefing Information

Ideally, missionary debriefing is done in a small group (6) over five days. However, we realize that for some, the ideal is not possible. Therefore, we also make debriefing available to individuals and couples.

Dates: Scheduled at the convenience of the Luppinos and participants.

Program: M.E.N.D. consists of seven facilitated modules focusing on a missionary's most recent term on the field. We cover the material as the Lord leads and the time allows.

Conducted By: Chris and Nancy Luppino, Director of Missionary Care
Gospel Furthering Fellowship

Location: The Luppinos will travel to missionaries, meet them at a convenient location, or have the missionaries come to central Florida.

Accommodations: The missionaries will be responsible for their accommodations, meals, and transportation. The Luppinos will do the same.

Cost: There is no charge to provide debriefing to missionaries.

Additional Notes:

1. M.E.N.D. is not about fields, sending churches, or sending agencies.
2. We will not violate the confidentiality of those whom we debrief.
3. We recognize the importance of mission philosophy. However, mission philosophy discussion or debate is not part of M.E.N.D.
4. The doctrinal statement of Chris and Nancy Luppino is available on request. Our Doctrine would reflect that of independent Baptists. However, the purpose of M.E.N.D. is not to debate or discuss doctrine.
5. The goal of M.E.N.D. is to help missionaries develop resilience and to serve as long on the field as the Lord enables them to do so.

Questions: Contact Chris Luppino with your questions or to request more information.
